**First Office Action on the Merits**

***Claim Rejections - 35 USC § 101***

1. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

Claims 19-22 and 29-34 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

The instant claims are "use claims" and, thus, are not patentable under 35 USC 101.

***Claim Rejections - 35 USC § 112***

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 19-22 and 29-34 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The instant claims are indefinite because they merely recite the use of an estrogenically active substance and a progestogenically active substance in the preparation of a medicament without the recitation of steps of how this use is actually practiced.

***Other Matters***

4. The examiner notes the instant claims were previously presented in the parent case (Application No. 10/134,455, now US Patent No. 6,747,019) and were rejected as indicated above. No changes have been made to the original claims.
